

# VILLAGE OF MUKWONAGO

## STREET TREE LIST

The selection of street trees for the terrace area is based upon the trees ability to withstand urban conditions such as salt tolerance, drought, soil conditions, and insect and disease resistance.

The terrace area is located between the street curb and the sidewalk.

**Please note that Ash trees are not allowed to be planted due to emerald ash borer.**

### Large Trees 8 foot Terraces or Wider

Scientific Name	Species	Cultivar	Size H X W
<b>Acer × freemanii</b>	Freeman Maple	<u>Armstrong</u>	45 x 15
